SUPPORTED INTERNSHIP PLACEMENTS – CAN YOU HELP?

The Inclusive Recruitment Team are working with Walsall College to try and find placements for young people enrolled on the colleges Supported Internship Programme.

Supported internships are work-based learning programmes that gives young people with additional needs real job experience and tailored support to help them move into paid employment. Offering a work placement can provide valuable work experience and help interns develop skills for future employment.

Alongside this, Interns add real value to the council's workforce and the development of our staff for the future. Walsall Library are currently hosting Interns, as well as a number of Walsall maintained borough schools, but there are still a few interns looking for placements.

If your department can offer a placement or would like to learn more, please get in touch with recruitment@walsall.gov.uk.
